Dear Mr. Kalin,
I'm writing to respond to your request. Most importantly, you should be aware that there will be nothing on the Sept. 9 study session dealing with e-bikes or any other bikes. Because the Bicycle Advisory and Parks Commissions have not yet made any recommendations on potential ordinance changes and because the Town Manager updated the Town Council at last week's Council meeting on efforts with the school district, there is not bike discussion on the 9th.
In the event that you were thinking of folks speaking under Good of the Town, that will of course be on the agenda and speakers are always welcome, even though you are aware that the Council may not respond under those circumstances. But you should be aware that in order to move a regularly scheduled Brown Act meeting to another time and location would take formal action of the Town Council, it is not as simple as posting a new time.
Thanks for your outreach,
Rob Ewing
